Coal India registers record production of 773.6 million tonnes in FY 2023-24 (provisional)

New Delhi, 1 April 2024. Coal India Limited closed financial year 2023-24 with a provisional production of 773.6 million tonnes, a growth of about 10 per cent over the previous year. Offtake stood at 753.5 million tonnes (provisional). The Ministry attributed the growth to faster statutory clearances, digital monitoring of mines and the commissioning of new first mile connectivity projects.
